State Summary of Library Statistics

Each year the State Library sends annual report forms to California's academic, public, special, state agency and county law libraries. Statistical data from those reports are tabulated in this publication, with directory listings published in the companion volume, California Library Directory. Although the statistics program and these publications are promoted as widely as we can, participation for most is voluntary (public libraries are required by the Education Code to report annually to the State Librarian) and some choose not to do so. This makes the state summary less than complete. Libraries failing to return the report form two years in a row are dropped from the free publications distribution list. The California Public Library Report for collection of data from public libraries is prepared in cooperation with the Center for Education Statistics and the American Library Association Office for Research in the nationwide collection of uniform library statistical data.

For fiscal year 1986-1987 we have reports from 905 libraries. We estimate there are at least 1,200 libraries in operation in California, exclusive of school libraries, so data in these publications are about 75% complete. By type of library, the number reporting are:

169 public libraries with 3,022 public service outlets. By jurisdictions, there are 43 county, 106 city, eight combined city-county, and 12 district public libraries. By level of service, there are:

163 main libraries. Administrative headquarters are not included, and some county or district libraries have no main library.

601 branch libraries. A branch is an extension library open some part of each of five days a week, has at least 1,400 square feet of floor space, a general book collection of at least 7,000 volumes, and is staffed with the equivalent of at least one librarian and one clerical employee during hours open for service.

371 library stations. A station is a library structure smaller than a branch, providing a lower level of service.

1,887 mobile library stops. A mobile library stop is a location visited by a bookmobile or other traveling library. There are 80 mobile libraries in operation this year.

Combining main, branch and station figures, there are 1,135 fixed public library outlets.

Emeryville and Piedmont are included with Oakland.
Glenn County is served by Orland and Willows city libraries.
Hillsborough is served by Burlingame and San Mateo city libraries.
Mariposa Co. is included with Tuolumne Co.
Santa Barbara Co. is served by the three city libraries of Lompoc,
Santa Barbara and Santa Maria.
Sierra Co. is included with Plumas Co.

189 academic libraries:

29 state supported academic libraries.

107 community college libraries.

53 private academic libraries.

383 special libraries:

12 popular libraries at U.S. armed forces installations.

28 legal libraries.

73 medical libraries.

9 religious libraries.

139 libraries operated by for profit organizations.

122 libraries operated by non-profit organizations.

102 state agency libraries:

45 resident libraries at state institutions and schools.

11 legal libraries.

11 medical libraries.

35 special libraries.

58 county law libraries.

Included under special libraries are 49 operated by the federal government.

In the State Summary table that follows, the current year plus the two preceding years are shown as usual. The State Library continues to receive requests for information about the effects on libraries of Proposition 13, the tax limitation Constitutional amendment of 1978. Rather than show one additional year preceding the present, we republish the figures for 1977-78, the watershed year before Proposition 13.

Public Library Systems

California's 15 cooperative public library systems are organized under the California Library Services Act (CLSA), most as joint powers agencies. They are governed by Administrative Councils made up of the directors of the member public libraries, aided by System Advisory Boards representing the public served. Most systems employ a Coordinator/-Director and support staff. They maintain a communications system of telephone and, typically, electronic mail, direct distance dial units, or TWX. Either through system vans or by contract with member libraries, they provide regular delivery service for exchange of materials. One or more system reference centers, housed in the larger libraries, are supported for second level referral of questions individual libraries are unable to answer. Systems are supported by a combination of local membership fees and reimbursements, state CLSA program grants, and project awards of federal Library Services and Construction Act (LSCA) funds. Most systems have associated intertype library networks or affiliated academic and special library members.

Public Libraries

California's 169 public libraries are departments of local government: city, county and special district. They vary widely in size and strength, from the City of Vernon with 80 residents to Los Angeles with more than 3 million, and cover the state with a network of branch libraries, bookmobiles and other extension services. Most participate in cooperative library systems comprising all the public libraries in a county, or several adjacent counties, offering equal access and sharing of resources among all residents. Address listings may be found in the companion volume, California Library Directory.

Public libraries are grouped into six categories by size of population served:

Group 1	over 500,000 population
Group 2	100,000 to 500,000 population
Group 3	50,000 to 100,000 population
Group 4	25,000 to 50,000 population
Group 5	12,500 to 25,000 population
Group 6	under 12,500 population

For each size group there are eight tables:

Table 1, Profile	Population, system, staffing
Table 2, Income	Local revenue, state allocations
Table 3, Expenditure	Materials, salaries, total
Table 4, Special	AV, literacy, PLF
Table 5, Collections	Print, microform, audiovisual
Table 6, Activities	Circulation, ILL, reference
Table 7, Services	Outlets, programs, weekly measures
Table 8, Salaries	Current year data

Data on the following tables are taken from annual reports submitted to the California State Library. Preliminary tables were compiled from these reports and published as California Public Library Statistics, Advance Edition. Additions and corrections received from libraries up to the cut off date are incorporated in the tables in California Library Statistics, which supersede those of the Advance Edition.

"Profile", continued

Population. Population served by the library jurisdiction, estimate for January 1, 1987, certified by the State Library. Figures are drawn from the Population Research Unit of the State Department of Finance and are intended to represent as accurately as possible the actual number of persons served and taxed for service, with no persons counted twice or credited to more than one library. Many county libraries are not credited with the entire county population, for their boundaries contain cities or districts independently supplying service. District libraries typically serve an unincorporated area larger than their central city. A few municipal libraries serve unincorporated county areas under contract with the county.

Borrowers. Number of persons registered with the library for circulation and other services. May exceed the certified population of the library jurisdiction, in which case the larger borrowers figure is used in computing per capitas.

Area sq. mi. Area of jurisdiction served by library in square miles.

Staff count. Total count of persons employed full-time and part-time, paid from library budget, as of June 30, reporting year. Number cannot be a fraction.

Librarian FTE. Number of persons reported working as Librarian, with or without MLS degree, expressed in full-time equivalent (FTE). Full-time is normally 40 hours per week, but not less than 36. Includes library director.

Total FTE. Total full-time equivalent of all persons paid from library budget, including Library Director, Librarians, support staff, student pages and all part-time help. Excludes contract, maintenance and security staff.

Volunteers. Full-time weekly equivalent of persons volunteering unpaid service in library.

Table 2, "Income"

Operating income. Total income available for operating expenses (not capital outlay), the sum of local, state and federal sources and transfer from reserves or beginning balance.

Capital income. Income for capital outlay items, including sites, buildings, vehicles and equipment over $200.

Special district. Amount from Special District Augmentation funds available to counties and special districts.

Contract payment. Amount of contract payment from another jurisdiction for library services provided.

"Income", continued

Not charged. Estimate of services and supplies benefiting library for reporting year expended by another city or county unit, not charged to library budget. Amount is included for facility maintenance and administration allowed in PLF Certification if not in library budget

Local approp. Local revenue appropriated for the year by the jurisdiction, as reported on the Public Library Fund Certification, on October 31. Possible later changes in appropriation are not considered. This figure is not derived from the Public Library Report. (Note that through inclusion on the PLF Certification of amount for facility maintenance and administration, even though not included in library budget, the figure for Local Revenue Appropriated may in some cases be larger than that for Total Operating Income.)

State allocations: CLSA. State funds allocated to the jurisdiction under the California Library Services Act for transaction based reimbursements.

State allocations: PLF. State funds allocated to the jurisdiction under the Public Library Fund.

Table 3, "Expenditure"

Library materials. Expenditure for all library materials: books, periodicals, microforms, audiovisual materials. Excludes supplies, binding and materials leased on contract.

Salaries, benefits. Expenditure for staff salaries and benefits of administration and library service personnel. Excludes maintenance staff paid from budget.

Total operating. Materials, salaries, operations, contract services, transfers, payments. Excludes capital outlay and transfer to reserves.

Capital outlay. Expenditure for capital outlay items: equipment over $200, sites, buildings, remodeling, vehicles, etc.

Grand total expenditure. Operating expenditure plus capital outlay and allocation to reserve.

Table 4, "Special"

Audiovisual. Expenditure for materials that are displayed by visual projection or through sound reproduction, including graphic material, audio material, motion pictures, and video material.

Postage. Expenditure for postage and delivery, including U.S. mail and commercial delivery services.

"Special", continued

Telecomm. Expenditure for all types of telephone service and for such services separately billed as electronic mail, tele-conferencing, telefacsimile and teletype.

Computer. Expenditure for contracted computer services from a library network, computerized cooperative library organization or commercial organization providing library services.

Preservation. Expenditure on measures to conserve the collection including binding and rebinding, deacidification, lamination and restoration. Does not include staff salaries.

Literacy. Expenditure on CLSA Special Services literacy projects.

PLF Materials. Expenditure from PLF funds for library materials.

PLF Personnel. Expenditure from PLF funds for personnel.

Expend percap. Total operating expenditure expressed as per capita. Annual report line, "Total Operating Expenditure", for the reporting year is added to line, "Estimate of services... not charged..." This sum is divided by the population served, (or by the number of registered borrowers, if greater).

Table 5, "Collections"

Volumes added. Unit count of volumes added during the fiscal year, gross number not adjusted for discards. Includes bound serials and continuations.

Titles added. Count of individual new titles added during the fiscal year.
